## UPCOMING WORKSHOPS

### **Shorebirds with Wayne Petersen**

Wednesday, July 31, 6:30–8:45 p.m.

Woburn

Limited to 100 participants

With their diverse adaptations, varied habitats, marvelous migrations, and often confusing plumages, shorebirds are a perennial favorite among birders in New England. More than two dozen shorebird species visit our coastal beaches, salt marshes, and muddy lake shores during autumn migration each year.

This workshop will examine the natural history of shorebirds within an ecological context that considers their classification, identification, breeding ecology, migration, and conservation. Specific reference will be made to the importance of Massachusetts to the conservation of shorebirds in the Western Hemisphere.

An associated walk will be held the morning of Saturday, August 3, at Parker River NWR.

The walk is limited to 20 people, with priority given to BBC members and workshop attendees.

Cost: \$15 for both events for BBC Members or \$10 for one; \$25 for both events for non-members or \$20 for one. To reserve a space, email [diana.fru@gmail.com](mailto:diana.fru@gmail.com) and send a check for the full amount made out to Brookline Bird Club Agent to Diana Fruguglietti, 5 Ellen Road, Woburn, MA, 01801. Meeting locations will be sent to attendees upon registration.

## **Habitat Gardening for Birds with Master Gardener Catherine Carney-Feldman**

Sunday, August 25, 10 a.m.–12 p.m.

Ipswich River Wildlife Sanctuary, Topsfield

All species on our planet need habitat—a place to call home. Habitats provide shelter from the weather and predators, a place to raise young, water, and of course food. With over 2,000 acres, the Ipswich River Wildlife Sanctuary is a perfect place to see what birds require for habitat and learn the basics of how you can transform your own landscape into a sustainable habitat for birds. Participants will receive a guided tour of the nature gardens, as well as a list of native trees, bushes, and ground cover that provide food for birds.

Co-sponsored by the Essex County Ornithological Club. Cost: \$10 for BBC or ECOC members; \$20 for non-members. To reserve a space, email [diana.fru@gmail.com](mailto:diana.fru@gmail.com) and send a check for the full amount made out to Brookline Bird Club Agent to Diana Fruguglietti, 5 Ellen Road, Woburn, MA, 01801.

### **We want to hear from you!**

Addressing ideas and issues that are important to club members is our top priority. The board meets four times a year to discuss club-related items. Members are encouraged to reach out to corporate and club officers and directors with thoughts and suggestions. You can also email us at [webmaster@brooklinebirdclub.org](mailto:webmaster@brooklinebirdclub.org).

## **BBC YOUNG BIRDER SCHOLARSHIPS**

The Young Birder Scholarship Evaluation Committee was impressed by the high quality of all six applications we received, and we thank all the applicants for their interest and effort. We are pleased to announce the awarding of our two scholarships to Sam Poleretzky of North Andover and Brynlee Kimball of Auburn, NH. Among their many accomplishments, Sam has founded a birding club at his high school, while Brynlee has raised homing pigeons since she was eleven. Congratulations to Sam and Brynlee!

Supported through the generous donations of club members and instituted to nurture interest in bird study and conservation among young birders, these scholarships cover the full cost (\$1395) of the Coastal Maine Bird Studies for Teens program at National Audubon's Hog Island camp on June 16-21, 2019.

To donate, you can designate an amount on the "BBC Young Birder Scholarship" line on the form on the back page of the club bulletin. You can also donate online by clicking the donate link on the BBC website and entering an amount in the box for "Young Birder Scholarship."

## **BBC CONSERVATION DONATIONS**

The BBC makes annual donations to organizations that engage in bird conservation projects and/or maintains properties regularly visited on club field trips. For 2019, the BBC has donated \$100 each to Massachusetts Audubon Society, Friends of Mt. Auburn, Manomet Center for Conservation Sciences, and Essex County Greenbelt Association. In addition, for the third straight year, the BBC has donated \$250 to the Bobolink Project, which protects Bobolink habitat by compensating farmers who agree to delay haying until after breeding season.

## **ASSOCIATION OF MASSACHUSETTS BIRD CLUBS**

The Association of Massachusetts Bird Clubs (AMBC) was founded in 2016 through the initiative of the BBC and now includes 19 member clubs representing more than 4,000 birders across the state. One mission of the Association is conservation advocacy, and it has recently signed on as a co-sponsor of the Act to Protect Pollinators, a Massachusetts bill that will reduce residential use of pesticides. The Association has also signed American Bird Conservancy petitions opposing construction of a border wall and resisting any weakening of interpretation or enforcement of the Migratory Bird Treaty Act. Any individual member of any member club, including the BBC, is welcome to attend Association meetings and join the Association's Google Group. To learn more, contact John Nelson at [jnelson@northshore.edu](mailto:jnelson@northshore.edu).

### **MEMBER DISCOUNT**

Bird Watcher's Supply & Gift in Newburyport offers current BBC members a 10% discount on all books and ABA guides, as well as substantial discounts on binoculars, spotting scopes, and tripods. Bring a copy of this book to receive a discount.

### **ONLINE STORE**

We have new apparel offerings on our website! Visit [brooklinebirdclub.qbstores.com](http://brooklinebirdclub.qbstores.com) for hats, outerwear, shirts, and more.

## **SUPPORT NATIONAL WILDLIFE REFUGES THROUGH DUCK STAMPS**

As birders, we treasure our visits to national wildlife refuges locally and nationally. Of the 26 refuges in New England, 11 are in Massachusetts, including Parker River, Monomoy, Great Meadows, Oxbow, and Assabet River.

One of the easiest ways to support bird habitat conservation is by buying Federal Duck Stamps, which are among the most successful conservation tools ever created. Duck stamps have raised over a billion dollars toward acquiring and protecting wetland habitat since 1934.

For every dollar you spend on a duck stamp, 98% goes toward protecting vital wetland habitat. Your stamp also provides free admission to refuges. The 2019-2020 Federal Duck Stamp goes on sale June 28. Buy your stamp at refuge offices and admission booths, the post office, on the BBC website, or at [duckstamp.com](http://duckstamp.com).

## PROGRAM OF TRIPS

July 1–October 31, 2019

This list includes limited participation trips not available on our website. All trips free of charge unless otherwise indicated.

### Tuesday, July 2

#### Pine Hill Road Grasslands, Lancaster

6:30–9:00 p.m.

Join us for the anniversary of our BBC breeding bird conservation trips by recreating our first, highly successful event. First we will search for breeding grassland MA Endangered Species Act birds such as Vesper and Grasshopper Sparrow and then for calling Eastern Whip-poor-wills as the evening fades to dusk. Meeting location: The first fork in Pine Hill, about 1/3 of a mile from Harvard Road.

Trip leader: Zack Weber,  
birdingwithzackweber@gmail.com

### Saturday, July 6

#### Quabbin Reservoir

7:00 a.m.–12:00 p.m.

Join us for a four- to five-mile walk through a very birdy area, with species ranging from Broad-winged Hawk to Yellow-bellied Sapsucker, Blue-headed Vireo, Chestnut-sided Warbler, Scarlet Tanager, Baltimore Oriole, and lots in between (maybe even a moose or a bobcat!). Co-sponsored by the South Shore Bird Club. Meeting location: Gate 10 on Route 202, Pelham.

Trip leader: Glenn d'Entremont, (781) 267-0442,  
gdentremont1@comcast.net

## **Saturday, July 6**

### **Fruitlands Museum, Harvard**

7:00–10:00 a.m.

All the nesting birds will still be around, with good views of young out of the nest being fed by parents: Veery, Indigo Bunting, Catbird, Red-winged Blackbird, Tree Swallow, Bobolink, Wood Thrush, Baltimore Oriole, and warblers. Expect to walk about two miles on trails through meadow and woods with some steep sections. Meeting location: Top parking area at Fruitlands Museum, 102 Prospect Hill Road.

Trip leader: Sandy Oxley, (978) 270-1057,  
cassandra.oxley@gmail.com

## **Sunday, July 7**

### **Essex and Ipswich Grasslands**

5:30–8:30 p.m.

We will drive and walk at a leisurely pace around the agricultural fields and meadows between Ipswich and Essex looking for Glossy Ibis, Eastern Meadowlark, and other grassland specialties of the area. Contact trip leader on July 5 for meeting location.

Trip leader: Will Freedberg, (617) 899-5525,  
william.freedberg@gmail.com

## **Monday, July 8**

## NOTES TO TRIP PARTICIPANTS

There are over 1,000 members of the Brookline Bird Club (BBC). Membership is open to all who are interested in birds and nature. A membership form can be found at the end of this book, or you can join online at [brooklinebirdclub.org](http://brooklinebirdclub.org).

Whether you are a member or not, you are invited to participate in our trips and activities free of charge, though there may be costs for travel or admission for trips farther afield.

The BBC stresses the importance of good public relations. When attending trips, please park your vehicle off the road, away from driveways and posted areas, so as not to impede traffic. Respect guidelines at birding locations such as cemeteries and national wildlife refuges.

Most importantly, please do not enter private property unless you have permission. For a refresher on responsible birding, visit our Code of Ethics on the BBC website.

Should weather conditions appear severe and driving hazardous, please contact the trip leader, at whose discretion the trip may be postponed or canceled, and check Massbird for trip updates.

You may want to pack a lunch on all-day trips. Please inform the trip leader if you need to leave early. Try to carpool whenever possible. Carpooling saves costs and fuel and allows the leader to take groups to locations with limited access.

## NOTES TO TRIP LEADERS

If you are unable to lead a trip you are scheduled to lead, you are responsible for finding a substitute. We encourage you to use your personal network to find a substitute who is familiar with the area where the trip is taking place.

If you must cancel due to weather or an emergency, be sure to post to [massbird@theworld.com](mailto:massbird@theworld.com) and email Eric Swanzey ([eric@swanzey.com](mailto:eric@swanzey.com)), who will update our website.

The minimum time for cancellations is 24 hours before the start time of the trip. If you know you must cancel a trip further in advance, email Massbird and Trips Coordinator Pete Gilmore ([petegilmore79@gmail.com](mailto:petegilmore79@gmail.com)) three to four days prior to the trip date.

Trip reports are an important part of promoting and documenting BBC trips. Leaders should complete a checklist (written or on eBird) and send it to club Statistician David Scott ([davidscott6@yahoo.co.uk](mailto:davidscott6@yahoo.co.uk)).

If you record a rarity or a write-in on the Mass Checklist (e.g., Sedge Wren, Western Kingbird), you should also post it to Massbird.
